

SAAA Members Support Program

Upskill. Fly safely. Get more from your insurance.

Improving the safety of aviators flying homebuilt aircraft in Australia has been the shared priority of QBE Insurance and the Sports Aircraft Association of Australia (SAAA) since the 1970s. We're proud advocates of the SAAA Members Support Program because it improves air safety for all. We reward participating pilots with a lower premium for hull and liability cover and include some important extras¹:

- Premises Liability (Hangar Keepers Liability)
- Post-accident additional expenses
- Aircraft equipment
- Discounted rates for "Parts Only" cover
- Non-ownership liability
- Deletion of pro-rata contribution
- Instalment payment options
- NEW deductible options
