

AUSFLY IS PROUDLY PRESENTED AND HOSTED BY:

EVENT SPONSORS

THE AUSFLY TEAM SINCERELY APPRECIATES THE CONTRIBUTIONS MADE BY OUR SPONSORS, WITHOUT WHOM AUSFLY WOULD NOT BE POSSIBLE.

Platinum Sponsors:

Ace Aviation

If you are interested in becoming a Drone pilot, Ace Aviation are the people to speak to. Ace Aviation (Ace) was established in 2016 and is headed by CEO Mark Viswanathan who comes from an Aviation and Aerospace background. Since its inception in 2016, the company has seen a massive growth and has expanded nationally and internationally. Mark and his team join AusFly for the first time and look forward to meeting you.

Australian Aviation

We are pleased to have Australian Aviation on board as our Media Partner for AusFly. Christian and his team will be supporting Ausfly through advertising the event to the aviation community. Christian will be in the exhibitor's village and look forward to seeing everyone there.

Inland Petroleum

Paul McCallum of Inland Petroleum will be providing a substantial quantity of fuel for the air display. We ask aviators flying-in to the event to indicate their appreciation and vote of thanks by making use of the Narromine Airport refuelling facilities operated by Inland Petroleum – if you are able to fill your tanks to tops, please go for it!

QBE

QBE Aviation are providing the event insurance – a terrific contribution that QBE have provided to AusFly for many years. They will have representatives at AusFly, so please take the opportunity to say, "Thanks and G'day" and perhaps talk about insurance for your aircraft.

Screaming Diamonds

Michael Jones & Adrian Van Der Sluys

The Screaming Diamonds - aka. Michael Jones and Adrian van Der Sluys – are doing the honours to plan and co-ordinate the air display and manage the paperwork side of things. These guys will also be flying in the display and no doubt wow the crowd in their machines again this year.

Swish Projects

Swish Projects – aka. James Fisher is our UNICOM official. James will be assisting with aircraft operations and guiding you into land. James will also be in the Exhibition Village. Please make sure you drop by and say “Hello”.
